

## VISIT TO NKAIMURUNYA WITH GUESTS FROM DISTRICT 6220

This month we had the pleasure of hosting a group from District 6220 who were in the country to visit some of their projects in the country including those they had sponsored through RC Karen. Their main visit was to their project in Maayuni in Machakos where they were putting up water tanks for collecting water during the rainy season. District 6220 had funded the project at Nkaimurunya and group from RC Karen took the team to the school. The children were very excited they received us with so much joy. It was evident to us that the children and the teachers at the school were very grateful for the getting their walls and floors plastered painted. As a sign of their appreciation we were given the goats in the picture which we intend to fundraise with.

*"Only a life lived in service to others is worth living" Albert Einstein*

**PAUL HARRIS FELLOW AWARDS.**

**The smile of a man who just got his PHF. As always Rotarians from Karen stand in solidarity with their friend and fellow Rotarian. Beautiful smiles ladies and gentlemen. Congratulations Rotarian David White.**

*“The highest of distinctions is service to others.”*

King of Great Britain, Ireland and Hanover

## DG'S VISIT.

We were privileged to have our DG visit with us and the visit started with inspection of some of the clubs projects. Above DG Bimal, Country Chair Sally, AG Mbogo, Madam Monica of the Karen police station and of course, the Gang from RCK led by president Esther.

After going round to visit our projects, DG Bimal talked with us. Yeah, he talked with us don't let the photo fool you. We had an interactive session with our DG, meanwhile the President Esther took a back seat looking all pretty. Not to forget our lovely Country Chair Sally, loved you outfit.

And finally the DG's visit ended with this photo session signing the 'This close'. Rotarian FT we can see you hand.

*"Service to a just cause rewards the worker with more real happiness and satisfaction than any other venture of life."*
